## Agenda Item & Lead(s)
- youth specific services- teaching skills
- youth pilot program
- info about benefits of FYSPRT roles and membership
- youth are getting adequate BH services

**What challenges are being addressed regionally?**

**Highlights from Regions:**
- support for travel expenses
- WISe teams are stretched thin
- youth lead groups
- peer mentor groups- substance use youth lead groups
- 2017 goals/priorities
- shortage of providers for LGBTQ, MH and SUD
- providers are feeling undertrained
- how to get training w/ clock hours at no cost?
- payment for WISe services
- marketing due to size- making FYSPRT posters
- possible change in location/time to engage families
- WISe and family youth participation
- youth engagement
- limited access to services
- looking for family tri-lead
- youth, family and system tri-leads (regional)

**What challenges would you like to discuss further at the Statewide FYSPRT?**

**Highlights from Regions:**
- outreach to rural communities
- engagement w/ under-represented communities
- coordination of care w/ hospitals- now working w/ BHO
- CLIP referrals- better coordination of care, discharge, etc.
- training for family/youth to give feedback on fidelity of service
- WISe programs successful, but no comparable service for non-Medicaid clients
- need WISe data and representation from BHO
- what happens to FYSPRT when FIMC
- discuss stigma w/ youth in Tribal communities
- focus on outreach to systems
- gift cards for families- transportation, child care
- community needs assessments- held in all regions

### Action Items

Re: payment for WISe services, Paul Davis will follow up with DBHR, BHO and providers to determine what may be blocking payment.

| Reports from Regions Continued | Highlights from System Partners: Department of Health  
- autism grant work including needs assessment, telehealth, focus on Applied Behavior Analysis (ABA)  
Health Care Authority  
- focusing on integration  
- care coordinators in primary care physician (PCP) offices- coordinated behavioral health and physical health services  
Office of Superintendent of Public Instruction  
- focus on creating positive cultures in school  
- working on online module on adolescent brain development and executive functioning  
- social/emotional learning- developing benchmarks working with teachers  
- curriculum for trauma sensitive/trauma informed care training  
- train the trainer PowerPoint for the book the Heart of Learning and Teaching. See link for more information http://www.k12.wa.us/CompassionateSchools/Resources.aspx  
Children’s Administration  
- working with Coordinated Care who is providing physical and behavioral health services to children and youth in out of home placements, receiving adoptions support and for alumni of foster care  
Rehabilitation Administration  
- partnering with Health Care Authority and Sea Mar to provide Medicaid enrollments before release to setup service provisions  
- working on Medicaid suspension when youth is institutionalized vs. cancelled  
- working on services for post-release, including re-entry focus with WISE  
Attendees then broke in to groups of youth partners, family partners, conveners, system partners to discuss the following questions and report to the group:  
Do you feel that your community (youth, family, systems) is engaged enough for your FYSPRT to be productive?  
Are they seeing value?  
Are they attending consistently?  
If so, how have you achieved this? | For questions and/or additional information, contact the system partner representative on the Statewide FYSPRT membership list | n/a          | n/a     |
